

Family Engagement Minutes September 23rd

Family Engagement Team

Alonzo Bailey

Daniel Gracia

Sofia Udner

Lara Estefania Salcido Ferra

Tanishia Johnson

Norma Hamburger

Time: 2pm

Minutes: 35 minutes

Location: TUVa Zoom

- During our meeting, we successfully discussed all scheduled topics. We began with a warm welcome and introductions, giving families, teachers, and support staff a chance to connect and review the purpose of family engagement for the year.
- We then outlined the meeting goals and overall vision, highlighting both academic and social emotional priorities for students. Families also had an opportunity to share their hopes and expectations for the year.
- Our communication plan was reviewed in detail, covering how updates will be shared, the best ways to contact staff, and the digital platforms we'll use. Preferred contact information was also collected from families.

- Next, we shared a variety of resources available to support families including academic tools, community programs, and technology assistance along with handouts and links for easy access.
- Finally, we discussed partnership opportunities, such as volunteering, classroom/event support, and joining parent committees or advisory groups. Families were invited to complete a feedback survey or interest form to stay engaged.
- Overall, all agenda topics were addressed, and we look forward to continued collaboration throughout the year.
